(max 5) (max 5)

I, \_\_\_\_\_, Oregon Construction Contractors Board No. \_\_\_\_\_ certify that the following is true and reasonably defines the scope of work for this project:

- a) All work complies with the current state-adopted NFPA-72 and the authority having jurisdiction.
- b) All notification appliances are located in accordance with the current state-adopted NFPA-72.
- c) Smoke/Heat detector spacing complies with current state-adopted NFPA-72 and the authority having jurisdiction.
- d) Exposed wiring will not be covered until inspected.
- e) **Final approval shall be subject to on-site tests and inspections.**
- f) Voltage drop is adequate to operate all appliances and subject to field verification.
- g) Battery supplies are capable of supporting the system modifications.
- h) A statement of compliance, with the minimum information as specified in OFC Section 901.2.1, will be given to the building inspector prior to final approval.
- i) Compatibility of appliances and devices are in accordance with the FACP manufacturer's specifications.

In addition, I understand the following is required:

- \* A sketch attached to this document and the building permit showing the area of work within the building's structure, and
- \* A copy of this document shall be available for the authority having jurisdiction, and
- \* An electrical permit.
